Leather Goods

Care information: To give you years of enjoyment from your Hair-On hide please observe the following:

- Avoid exposing your hide to direct sunlight or direct heat.
- Avoid sharp objects coming into contact with the hide.
- Wipe off stains and spills immediately (wiping with the direction of the hair and not against) with a soft, lightly damp cloth taking care not to soak the leather.
- Leather these days do not need to be fed and the use of saddle soap or wax polishes should be avoided, especially spray polishes.
- Use of general household cleaning products, chemicals and abrasives are not recommended as they can cause damage.
- Avoid exuberant rubbing.
- Please note that every hide is truly unique and will vary in colour, size, thickness and feel. Some hair may molt from the hide over time. This is the nature of the beast and should not be seen as a fault.
- Do not use any method or product not recommended by the manufacturer.
